

adenokortikotropní hormon ACTH
abaxiální abaxial
abdominální abdominal, coeliac, facies abdominalis
abdukce abduction
aberce aberration
ablace ablation, detachment, glacier ablation, glacier discharge, melting away
abnormální abnormal, anomalous, bizarre, bizarre, freakish, freaky, heteroclitic, irregular, prodigious, unnatural
aborální abactinal, aboral
abortus abortion, abortus
abraze abrasion, attrition, marine erosion, scouring, wear
abrupce abruption
abrupce placenty abruptio placentae
absces abscess, apostema, gathering, tuber
absorpce absorbency, absorbing, absorption, absorption law
absorpce zvuku attenuation in air
acetonémie acetonemia
acetonurie acetonuria
acidobazická rovnováha acid base equilibrium, acid-base balance
acidobazická rovnováha krve acid base balance, acid base equilibrium
acidóza acidosis
acyklie ovarial failure, ovarium afuction
adaptace accommodation, adaptation, adapting, adjustment, alteration, conditioning, conversion, matching, mating, readjustment, refurbishment
addukce adduction
addukce nohy adduction
adenokortikotropní hormon adenocorticotropic hormone, adrenocorticotrophic hormone
adheze adherence, adhesion, adhesive force, adhesive power, anchorage, binding power, binding property, binding quality, gripping, road grip, suction, traction
adsorbencia adsorbents
adspekce inspection, visual inspection
adstringencia adstringents
adstringens adstringent, astringent
aerobní aerobian, aerobic, aerobical, oxidative
aerofagie aerophagia, aerophagy, cribbing, wind-sucking
aerosol aerosol, gas dispersoid, medicated gas, mist
aerosolová léčba aerosol treatment
aflatoxiny aflatoxines, aflatoxins
afrodiziakum aphrodisiac, genital stimulant, provocative, stimulant genital
afty aphthae, thrush
agalaktie absence of milk, absence of milk secretion, agalactia
ageneze agenesis, agenesia, anodontia, aplasia of tooth germ, imperfect development
ageneze vaječníku ovarian agenesis

agens agent
aglutinace agglutination, clumping
agónie agony, death struggle, throes, travail
akineze akinesia, akinesis, poverty of movement
aklimatizace acclimatation, acclimation, acclimatization, acclimatization
akomodace accommodation
akupunktura acupuncture
akutní acute, brachychronic, emergent, superacute, urgent
akvírovaný acquired
albuminurie albuminuria, proteinuria, proteuria
alergen allergen, allergin, atopen
alergenodiagnostická metoda allergenodiagnostic method
alergie allergy, hypersensitivity
alergózy allergies, allergies
alimentární alimentary
alkalická rezerva krve alkali reserve of blood, alkaline reserve of blood
alkaloidy alkaloids
alkalóza alkalosis
allantoidová voda allantoinic fluid
alopecie alopecia, baldness, baldness from disease
amara amara, bitters
amniová tekutina amniotic fluid
amniová voda amniotic fluid
amputace amputation, amputate, amputation, aphoresis, apocope, base truncation, disarticulation, severance
anabolika anabolic substances
anaerobní anaerobian, anaerobic, anoxic
anafylaktický šok anaphylactic shock, shock anaphylactic
analeptika analeptics
analgesie absence of pain, analgesia, analgesis
analgetika analgesic, analgetics
anamnéza anamneses, anamnesis, case-history, history, personal history, reminiscence
anastomóza anastomosis
anatoxin anatoxin, antoxin
androgeny androgens, androgens
anémie anaemia, anemia
anestetika anaesthetics
anestrus anoestrus
aneurysma aneurysm, aneurysma
anhydrémie anhydraemia, anhydremia
ankylóza ankylosis, ankylosis, arthroclisis, arthrogryphosis, arthrogryposis
anomálie aberration, abnormality, anomalies, anomaly, teratism
anorexie anorexia
antacida antacids
antagonismus animosity, antagonism, oppositeness, oppugnance, oppugnancy, oppugnation
anthelmintika anthelmintic medicinal products, vermicides

antibiotika antibiotics
antidiaroeika antidiarrhoeal drugs
antidotum antidote
antietetika antiemetics
antiflogistika antiphlogistics
antigen antigen, antigene
antimykotika antimycotics
antiparazitika antiparasitics
antipyretika antipyretics
antisepe antiseptics
antiseptika antiseptics
anurie anuresis, anuria
apatie ameleia, apathy, disinterest, do-nothingness, glassiness, impassiveness, impassivity, indifference, insensibility, lassitude, lethargy, listlessness, stupor, torpidity, torpidness, torpor
aplazie aplasia
apnoe apnoea
artefaciální artificial
artrida arthritis
artróza arthritis degenerativa, arthropathia deformans, arthropathy, degenerative arthritis, hyperthrophic
arytmie arrhythmia, irregularity of pulse
asepse asepsis
asfyxie asphyxia
aspirace aspiration, pretension
asymptotická forma infekce asymptomatic form of infection
atavismus atavism, reversion, reversion to a primitive type, throwback
ataxie ataxia, ataxy
ataxie postihující obe strany tela diataxia
atelektáza atelectasis
atelektáza plic atelectasis of the lungs
atonie amyotonia, atonia, atony
atonie svalů amyotonia
atrémie atresia, clausura
atrémie mocového mechýře atretocystia
atrémie ústí delohy atresia uteri
atrémie žaludku atretogastria
atrichie atrichia, atrichiasis, atrichosis, hairlessness
atrofie anolosis, atresia, atrophy, atrophy, macies, recession, tabefaction, wasting disorder
auskultace auscultation
autoinfekce autoinfection, enanthrope, self-infection
autoinokulace auto-inoculation
autointoxikace auto-intoxication, autointoxication, hepatotoxaemia
autointoxikace v dusledku poruchy jater hepatotoxaemia
autonomní nervstvo autonomic nervous system
avitaminóza avitaminosis, deficiency disease, disvitaminosis, dysvitaminosis, vitamin deficiency
avitaminóza B1 beriberi
avitaminóza B2 ariboflavinosis

axiální axial, longitudinal
bacil bacilli, bacillus, bugs, germ
bacilonosic bacilli carrier, bacilli-carrier, carrier, carrier of bacilli, germ carrier, germ-carrier, infectious carrier, vector
bachorová mikrofauna rumen microfauna
bachorová mikroflóra rumen microflora
bachorová tekutina rumen fluid, rumen juice, rumen liquor
bachorové pohyby rumen motility
bachorový kvocient RQ, rumen quotient
bachorový obsah rumen contents
bachorový plyn rumen gas
baktericidní antibacterial, bactericidal, bactericide, germicidal
baktérie bacilli, bacillus, bacteria, bacterium, germ, haplobacteria, schizomycete
bakterinémie bacteriaemia
bakteriostatický bacteriostatic
bazální basal, basic
bazální metabolismus basal metabolism
belotok colporrhoea, leucorrhoea, milky discharge, white, whites
benigní benign, benignant, innocuous
bezoáry bezoar stones, bezoars
bílé krvinky leucocytes, leukocytes, white blood corpuscles, white blood cells
biofaktory biofactors, biological factors
biogenní biogenic
biogenní prvky biogenic elements, biogenous elements, essential elements
biohelmintí biohelminths
bioinsekticid bioinsecticide
biopsie biopsy
biotechnologie biotechnology
biotop biotope, habitat
bisexualita bisexuality
blastom blastoma
blednicka anaemia, anemia, chlorosis, greensickness, greensickness
blokáda blockade
bocní lateral
bolák boil, exulceration, sore
boomanes boomanes
brucella brucella
brezost gestation, gestation period, gravidity, pregnancy
brišní lis abdominal pressure
bunecné inženýrství cell engineering
bunka cell, cellula, cellule
celkové znečistvení general anaesthesia
céva blood vessel, blood-vessel, duct, trachea, vas, vessel
cévkování catheterisation, catheterization
cirhóza cirrhosis
císařský rez Caesarean, Caesarean operation, Caesa-
